

Medicine Hat Dental New Associate Opportunity – *Your dental career awaits*

Location, Location, Location!

We are endeavouring to find a new Associate Dentist at our Medicine Hat Dental office. In this position, you will **lead the development of our growing family dental practice**. Medicine Hat Dental (MHD) has been a well-established dental clinic offering family dentistry services for over 25 years. Our clinic is located in a strip mall with medical doctors, wealth management services, a vet clinic, and a pharmacy. Because it generates high foot traffic and maximizes exposure on a busy street, these are contributing reasons for our immediate success. Our Team focuses on the personal growth, training, and mentorship of all our Doctors. Our family-friendly atmosphere provides the support needed to achieve your personal and professional goals.

This is how we can grow together.

We have thoughtfully developed our team culture consisting of common values, beliefs, attitudes, pillars, and behaviours. It's how we treat each other and how we work towards a common goal. We believe this is our strength. By joining the Team, you will be surrounded by dental colleagues who want to contribute to your growth and truly want to see you succeed. We are looking for a doctor who has integrity, a strong work ethic, skill, and a passion to help others. As a Team player, you will comfortably fit into our fun-loving, hard-working Team.

We are interested in helping you achieve your business goals by offering you the potential for partnership or shares in the company after 1 year.

We will also share our expertise to help develop YOUR professional digital presence on the worldwide stage promoting both you and your services. Our Marketing Team will gladly help you achieve your personal and professional goals. All you have to do is check out our 5-star google reviews to see what opportunity awaits.

Why choose Medicine Hat Dental?

Let us share with you our Mission, Vision, Values, and Pillars so you can get a better look at who we are.

Mission – We do whatever it takes to provide excellent care and exceptional service to all.

Vision – We want to be the first choice for dental careers and premier patient care.

Values – Teamwork, Stewardship, and Respect.

Pillars – Patients, Team Members, Quality, Cost, Growth, and Safety.

These aren't just words at our clinic they are a way of life and our culture. They are how we run our business and how we support the communities we serve.

Remuneration, Benefits, and Perks

- A positive, fun, and progressive work environment and culture
